

SNOW ROUTES FOR CASTLE ROCK SCHOOL DISTRICT 2016-17

In the event of snow or ice making bus transportation hazardous, Castle Rock Schools may decide to delay the start of school 2 hours or have a 2-hour late start and use limited bus routes as an option to total school closure. The limited routes will be referred to as snow routes.

If the decision is made to run school using a 2-hour delay or snow routes, notification will be made via radio station announcements. These broadcasts will be on Longview stations **KLOG 1490 am, KLYK 94.5 fm, KZOE 90.3 fm, KBAM 1270 am, KEDO 1400 am, KUKN 105.5 fm, KRQT 107.1 fm and KZNX 89.7 fm.** In addition, the announcements will be made on Centralia stations **KCED 91.3 fm, KELA 1470 am, KMNT 102.9 fm, KITI 1420 am and KITI 95.1 fm,** and Olympia station **KXXO 96.1 fm.** We will also contact the following television stations: **KLTV (11)** in Longview; **KATV (2), KOIN (6) and KGW (8)** in Portland; and **KCPQ (13), KOMO (4), KING (5), and KIRO (7)** in Seattle.

Those with internet access may subscribe to Flash Alert for inclement weather school closures or time changes. There is no charge to sign up for this service which will automatically e-mail such information to a computer or tablet. <http://www.flashalert.net/news.html?id=524> There is a link on the school district website under Department: Transportation.

Regarding cell phone messages: Due to cell phone companies delaying or shortening text messages, Flash Alert strongly discourages the use of cell text numbers. The site encourages you to download the free Android/iOS phone/tablet app, Flashalert Messenger, which uses push notification, which is faster and more reliable. If you do not have a smart phone and must receive a text, there are instructions on the website.

We call all of the stations listed above by 5:30 a.m. so please listen to your radio for the information.

It is the responsibility of the parent to get the student to the pickup and drop off locations during snow routes. We do not recommend that the students walk to/from these locations. Road conditions make it hazardous to both vehicles and pedestrians.

If school is run with **ONLY A 2-HOUR LATE START**, students will be picked up at their regular stop 2 hours later than usual.

SNOW ROUTES will be run as follows with a **2-HOUR LATE START**.

The following underlined roads will not have bus service during SNOW ROUTES.
